## Palm Pointe's Grades I - 3

Did you know: Children who are given access to books over the summer perform

## 35-40\% better on reading achievement tests. -FirstBook.org

Palm Pointe's K-2 students have been working so hard this school year, earning steps and making tremendous gains in reading. Reading over the summer is one of the best ways to avoid the "summer slide!" What is Summer Slide? It is the tendency for students to lose some of the achievement gains they made during the previous school year. DON'T LET SUMMER "SLIDE" AWAY!!!

To encourage students to dive into a good book, we invite them to take part in our annual Summer Reading Challenge! Students in the upcoming 1st - 3rd grades should read and log 60 steps over the summer. If students complete the challenge over the summer and submit their signed reading log to their teacher by Friday, August $16^{\text {th }}$, they will earn a ticket to our 'Sun'sational Summer Readers Celebration at the beginning of next school year! Students are encouraged to read books that they already have at home, read online with i-Ready, visit the local public library to borrow books, or check out an e-book from the public library's website, http://stlucieco.lib.overdrive.com/.

Thank you for continuing to support your readers at home!
